Date: _____

To Whom It May Concern:

I am writing this letter in support of the local Austin radio stations 90.1 and 100.1. These stations serve the public interest more than any other radio station by providing truthful news and helpful information that no other station provides. Most stations cover up what is really going on, but these stations have consistently brought the truth to the public along with hope, spiritual enlightenment, and practical tools that ordinary folks can use to take care of themselves in their daily lives. Please consider this letter as testimony that 90.1 and 100.1 in Austin serve the public interest to the utmost every single moment they are on the air.

Sincerely,
